A USER'S GUIDE

1. The 2014 edition of the Executive's Standing Orders is divided into a number of Sections:

 - Section Four is the Executive's Financial Regulations.
 - Section Five is the Contract Standing Orders.
 - Section Six is a section that brings together the procedures governing Human Resource issues.
2. An index has been provided to help you find the relevant section of the document.
3. These Standing Orders should be read as a complete document. Please familiarise yourself with them. If you have any queries please raise them with the Secretary, or any other member of the Legal or Finance Departments as appropriate.
4. Please ensure that you understand these Standing Orders, and particularly those which have a particular relevance to your post. If there are areas that you do not understand please speak to your Line Manager so that your responsibilities can be clarified.
5. Line Managers are reminded of their responsibility to ensure that all the employees within their designated area of responsibility have a knowledge and an understanding of the Standing Orders that apply in particular to their areas of operation. Contract Standing Orders – Explanatory Flow Chart

5.2 BASIC PRINCIPLES

5.2.1 Every Contract made by or on behalf of the Executive and all procedures relating thereto shall comply with these Contract Standing Orders. No exception from any provision of these Contract Standing Orders shall be made otherwise than by the direction of either the Executive Board or Management Board. The decision as to whether the exception shall be made by Executive Board or Management Board shall be at the discretion of the Secretary or the Director General **[Note: use CSO Form 1]**. In either case, the decision of the Executive Board or as the case may be, the Management Board, shall be noted in their minutes.

5.2.2 Purchasing and disposal procedures must: -

- aim to ensure value for money for public money spent
- be consistent with high standards of integrity
- ensure fairness in allocating public Contracts
- comply with all legal requirements
- support the Executive's corporate and departmental aims and policies.

5.2.3 All procurements must be managed by a Contract Officer. The Executive has established a guide to procurement which is updated from time to time. Contract Officers should familiarise themselves with the guide and where necessary seek advice, templates and models from the Legal Department. In particular the guide contains advice in respect of:-

- Specification Writing;
- Pre-tender Shortlisting;
- Tender Evaluation;
- CSO Forms.

5.2.4 For every Contract the Contract Officer shall produce a project brief/specification prior to requesting Tenders/Quotations identifying clearly the objectives of the procurement.

5.2.5 Once a Contract has been awarded a single Contract Officer shall be designated by an appropriate Approval Officer to manage the Contract.

5.2.6 No award, order or call off shall be placed under a Framework Agreement by any Officer unless that order has been authorised by the designated Contract Officer (designated in accordance with CSO 5.2.5 above) or in his/her absence a nominated deputy or an Approval Officer, who shall ensure that the award, order or call off is in accordance with CSO 5.6.10(g).

5.3 EU PROCUREMENT REGULATIONS

5.3.1 All Contracts let by the Executive will comply with all relevant EU Procurement Regulations. Where any provision or minimum requirement of these Standing Orders conflicts with a provision or minimum requirement of an EU Procurement Regulation then the provisions or minimum requirement of the EU Procurement Regulation will take precedence.

5.4 CONTRACTS

5.4.1 For the purpose of these Standing Orders a Contract is any arrangement whereby the Executive pays or receives money (or goods/works or services in lieu of money) for either receiving or disposing of goods, services or works, excluding:-

- Contracts for the sale or acquisition of land;
- Contracts of employment (this exception does not include Contracts for Services e.g. consultants)

5.4.2 A Contract includes leasing and hire arrangements for goods.

5.5 ESTIMATED CONTRACT VALUE/AWARD CRITERIA

5.5.1 Prior to commencing a procurement process the Contract Officer shall determine an Estimated Contract Value.

5.5.2 The Estimated Contract Value will determine which Award Procedure is followed.

5.5.3 Prior to Invitation to Tender or the obtaining of Quotations the Contract Officer shall determine the Award Criteria. The award will be based on either:-

- i) Lowest priced Tender; or
- ii) Most Economically Advantageous Tender

And in both cases the minimum quality criteria must be met.

5.5.4 The Invitation to Tender or documentation seeking Quotations shall clearly inform Tenderers of the Award Criteria, and if Most Economically Advantageous then the documentation shall clearly set down the factors to be taken into account. The Tender Evaluation model should be issued at the Invitation to Tender or Quotation stage to all persons invited.

5.6 PROCUREMENT PROCEDURE
